ABOUT US

Established in 1995, Aneka Duta Kaca is a full-service company specializing in aluminum and glass construction in Bali. We take responsibility of the entire product creation process, overseeing everything from design to installation and final inspections.

Having experience of 28 years, Aneka Duta Kaca's value proposition is to serve its clients with the goal of optimizing the value of their construction investment. As one team, we work to identify and deliver outstanding value in a manner which will result in high quality, safe, more efficient and competitive construction outcomes. Our profile of work is extensive and balanced across most building sectors including healthcare, corporate, academic, public, commercial and residential.

OUR SERVICES

01

Residential Project

Whether you're seeking a contemporary, traditional, or eclectic style, transform your residential project with the innovative glass and aluminum solutions offered by Aneka Duta Kaca.

02

Office Project

Our expertise extends beyond residential projects to cater specifically to the unique needs of modern offices. Experience the transformation of your office environment through cutting-edge glass partitions, sleek aluminum finishes, and customized architectural elements. We specialize in creating functional yet aesthetically pleasing office interiors, enhancing productivity while leaving a lasting impression.

03

Commercial Project

Our commercial services bring together striking designs and functional elements to the projects. From dynamic glass entrances to eye-catching storefronts, we seamlessly integrate glass and aluminum to elevate the visual appeal of your business premises.

HIGH QUALITY BRANDS

We exclusively incorporate premium brands such as Dekkson, Alexpro, Madela, and Nexsta in our designs, ensuring superior quality and exquisite craftsmanship.
